## About

I graduated from UNSW with an undergraduate degree in Mathematics and am now enrolled in a Master's degree in Computer Science at USYD. I have hands-on experience applying Java, Python, C++, R, SQL, HTML, and JavaScript in academic programs. One of my specialties and passions is front-end even full stack web development. Proficient in React, including component development, state management and React Hooks; Familiar with Next.js, tailwind css and typescript, capable of server-side rendering and static website generation; Expert in modular design, dependency injection and RESTful API development using NestJS.
